M SERIES CABINET

Technical Information

Roughing-in opening	18-1/2" (47 cm) x 29-1/4" (74.3 cm) x 4" (10.2 cm)
Door opening angle	170°
Cold Storage Temperature Range	42° - 50°

Installation Notes

Install this product according to the installation guide.

When determining the height of the mirrored cabinet, ensure the mirrored door will clear all obstacles, such as a faucet. A minimum distance of 1" (2.5 cm) is required.

Secure the screws (provided) to a stud to avoid possible property and product damage. If this is not possible, anchors (provided) must be inserted before installing the screws.

Modular components can be joined horizontally. When ganging cabinets: rough opening width/height = total width/height of all cabinets and lights minus 3/4" (1.9 cm).

Semi-recessed cabinets project 4-7/8" (12.4 cm) from wall.
